

BT Blast Wireless Indoor/Outdoor Speakers

Bluetooth Indoor/Outdoor weatherproof speakers from Sound Appeal are a leap forward in outdoor speaker technology that can stream music from a Bluetooth device.

BT Blast speakers are weatherproof and the UV resistant speaker cabinets allow them to keep their beautiful finish despite, rain, sun, wind and or ice, year after year!

Built in 6.50" woofer driver can pump out strong deep bass while maintaining a high level of fidelity. The 1" dome tweeter keeps the highs smooth with no hint of harshness, and voice remains clear and articulate. The internal amplifier is a high efficiency Class D design with 60W RMS of output power.

- Long Range **Bluetooth** v4.0+A2DP technology
- 6.50" composite woofer cone with butyl rubber surround for long life and deep bass
- 1" PEI Dome Tweeter
- High power Class D efficient amplifier with 80W output
- Frequency Response: 45Hz to 20kHz
- Impedance: 8 ohms
- Color: Black/White
